

Love Is

KARA

English Translation:

Do do do do do be my boy

Do do do do do be my love

Do do do do do be my boy

Love love love be my love Do do do do do be my boy

Do do do do do be my love

Do do do do do

Will you listen to my story right now oh baby? I want to tell you now

Since a long time ago, i like you boo

I want to carefully confess to you babe At first, i wondered what to write

I didn't know what to say except hello, oh oh oh oh

You're my everything, you know my heart too Oh if only you would read my letter and come to me

(Yeah wanna baby love)

Oh i'll always be a holiday girl Hey you're like a love lullaby

Hey love hold me baby you're my love

(Love you i do, love you i do)

I don't like sad stories anymore, hug me baby Hey love, i even see you in my dreams

Hey love, i only see you even when i close my eyes

I don't wanna wait anymore, come on, come on baby now Do do do do do be my boy

Do do do do do be my love

Do do do do do

Will you listen to my story right now oh baby? Instead of saying i love you, i'll say i like you

You're my everything, you know my heart too Oh if only you would read my letter and come to me

(Yeah wanna baby love)

Oh i'll always be a holiday girl Hey you're like a love lullaby

Hey love hold me baby you're my love

(Love you i do, love you i do)

I don't like sad stories anymore, hug me baby Hey love, i even see you in my dreams

Hey love, i only see you even when i close my eyes

I don't wanna wait anymore, come on, come on baby now It's been a while so holding a pencil feels awkward

I don't like it so i write it again, cancel

With my carefully closed lips

I hope all of my feelings will be delivered to you, feel so nice You know, i was so timid

I know, i hate myself for being like this

Baby, although i can't be perfect

You are my shining ma my love Hey you're like a love lullaby

Hey love hold me baby you're my love

(Love you i do, love you i do)

I don't like sad stories anymore, hug me baby Hey love, i even see you in my dreams

Hey love, i only see you even when i close my eyes
I don't wanna wait anymore, come on, come on baby nowDo do do do do be my boy
Do do do do do be my love
Do do do do do

Will you accept my heart now oh baby?Romanized:

Do do do do do be my boy
Do do do do do be my love
Do do do do do be my boy

Love love love be my loveDo do do do do be my boy
Do do do do do be my love
Do do do do do
