

Next to Me (Wait a Minute Sister)

Gavin DeGraw

Listen up destiny
I know you wanna get pressed to me
So dont be such a stone when I call you on the phone
Or I won't be using that number again Maybe what you had was broke
You wanna get high and they dont
So I had a drink 'cause it helped me think
Now you say Ive been drinkin too much But my hands start shakin
And my hearts starts quakin
Like a nightmare naked in school
And I wanna tell you Wait a minute sister
I know I aint your mister yet
Just give me the chance and see
But you wont even get next to me What you wanna do now?
Youre gonna have to give somehow
And I've got that thing you need
But you wont even get next to me Once I get you in my grip
Follow my eyes to your hips
Dont you pull away
You done it everyday
Just stay, why dont you stay
Why dont you stay, baby? Put away your old disguise
You dont want no other guys
Were havin so much fun
I know you shouldnt run
But you run, you just run
You just run, baby Wait a minute sister
I know I aint your mister yet
Just give me a chance and see
But you wont even get next to me What you want to do now?
Youre gonna have to give somehow
And I've got that thing you need
But you wont even get next to me Me here, heart in hand
Offering, what I can
Patience, running thin
Come on girl, let me in Wait a minute sister
I know I aint your mister yet
Just give me a chance and see
You wont even get next to me What you wanna do now?
Youre gonna have to give somehow

And I got that thing you need
But you wont even get next to me Wait a minute sister
I know I aint your mister yet
Gimme a chance and see
Oh but you wont even get next to me What you wanna do now?
Gonna have to give somehow
And I've got that thing you need
But you wont even get next to me You wont get next to me
Why? Why why why?
Why why why why?
Ohh Wait a minute
Ohh
You wont even get next to me
