

# Limelight

XTC

I'm in the limelight, no time for sun ray  
We are the happening, this day is our day I'm in the limelight, big on my block now  
I'm in the limelight, I'm in the limelight  
I'm in the limelight I'm in love with myself  
Please don't break the spell  
Give to someone else I am a success, at least for a short while  
I make decisions, influence people I'm in the limelight, big on my block now  
I'm in the limelight, I'm in the limelight  
I'm in the limelight I'm in love with myself  
Please don't break the spell  
Give to someone else I'm in the limelight, big on my block now  
I'm in the limelight, I'm in the limelight  
I'm in the limelight
