

# Private Symphony (Remix)

## Maestro Fresh-Wes

Yeah

Baby won't you let me hold you  
In my arms for ever more  
I conduct your fantasy  
In a private symphony

Picture you and I  
Way up in the sky  
Flying over oceans, while the clouds go passing by  
I kiss you on your lips, and taste your scented neck  
We're going on a trip, we'll never ever forget  
I'll take you on a voyage (voyage), traveling hand in hand  
Yeah, I'm like an orchestra  
Your body, I command  
Conducting, instructing, you won't need to move  
I'll tell you straight up girl, won't nobody disturb this groove  
You've been more than just my lover  
You've been my lady, a special friend to me  
So take my hand and lets engage in a private symphony

[Chorus]

Darling let me dedicate this  
Moment to my love affair  
Look into my eyes well can't you see  
You and me  
In a private symphony

We'll make love all night, and all through the morning  
I'll still hold you tight (tight), while the beautiful sunset's forming  
See, we don't need no band baby  
Or no rhythm section (rhythm, rhythm, rhythm)  
Cause in this symphony, harmony is made, from affection  
We'll be rolling, squeezing, pleasing each other girl (yeah baby, yeah)  
All over and over and over again, I could never ever love another  
While the harmony plays, our love will never fade  
Because from this day, 'til eternity sweet music will be made  
Cause you've been more than just my lover  
You've been my lady, a special friend to me

So take my hand and lets engage in a private symphony

Baby won't you let me hold you  
I want to hold you baby  
In my arms for ever more  
I want to hold you in my arms  
I conduct your fantasy  
I'll conduct all your fantasies baby, you and me  
In a private symphony  
In a private symphony

[Chorus in background]  
I want to dedicate this  
To you baby  
Look at me  
Look into my eyes  
Can't you see  
You and me  
In a private symphony, yeah  
Private symphony, you and me

It spins for you and me  
Hold me, I want you by my side honey

Private Symphony

Never let me go
