Purify Yourself

Waltari

Sitting in local bus ready for a take away
I feel it strained around me, people with hollow pain
Looking outside the window, seeing heavy rain
Human memories are dim, only pressure in my veins
Purify yourself
Just settle down so you won't need nobody else
Purify yourself
You dont't need another cage
Purify yourself
Instead of digging in your dirt, please let it go!
Purify yourself
Don't wanna see you going insane, insane
Don't expect me to be a jesus to your world
You have jesus inside your head, so cure yourself like you would someone else
Don't ask me to sympathize if you dont want me to critizise
If you're not interested in yourself life will be so hard
Purify yourself
Just settle down so you won't need nobody else
Purify yourself
You dont't need another cage
Purify yourself
Instead of digging in your dirt, please let it go!
Purify yourself
I please, wash your dirt away, away, away
Purify yourself
Just settle down so you won't need nobody else
Purify yourself
You dont't need another cage
Purify yourself
Instead of digging in your dirt, please let it go!
Purify yourself
The party continues anyway
