Call the Police

Brain Failure

Neighbor gonna knock my door only on 22:00 o'clock,
She wants I shut down all my fucking noise
I said I won't shut down all my fucking noise
If you hate my, you can go call the police.
Never turn the TV so loud,
But TV advertising is always so loud
Why the TV advertising is always so loud,
Hahaha! Go call the police.Go, go, go! Call the police,
we won't hidden away, go call the policeHey you see this bus driver, he doesn't want to drive bus.
See this conductor doesn't want to sell ticket.
No one seems satisfied in this country. Do you wanna be a police?
