You Go To My Head

Debbie Orta

Sweet love
Hello
Make a slave of me
I should have more control
Little dove
Hello
You take full advantage
Of my open windowWhen the cold of the night has washed away
All I want is to wake in your arms
And I know that I shouldn't let you stay
But I'm a lush for your loveYou go to my head
You go to my head
You go to my head
And you know I can never say no
To you and your friendYou call
Oh no (you know you want him)
Boy your heart swings in the wind
From rose to rose
Honeybee go home (please stay)
To that warm nest you left minutes agoYes I understand you give your time
Can't you see I've given my heart
All that light in your eyes is from the wine
I'm such a lush for your loveYou go to my head
You go to my head
You go to my head
And you know I can never say no
To you and your friend
