Over

Sugarcult

Everybody's watching you
Breathing in your every move
Look around when the world is empty
Look around if you're guiltyEverybody's after you
I wait in line to touch you
Look around if you ever miss me
Look around 'cause it kills me[Chorus]
It's over
There's nothing you can do
There's nothing you can say
To keep me here
It's over
You say we're just friends
We're playin pretend to keep me hereEvery night I lay in bed
I think about the things you said
Look around, I'm the one, your only
Look around it still kills me[Chorus]It's over, To keep me here [4 times]Doesn't anyone care? [4 times]Everybody's watching you and counting down your every move
Look around when your heartbeat's empty
Look around if it's guiltyIt's over
You say we're just friends
We're playin pretend to keep me here
It's over
There's nothing you can do
There's nothing you can say
To keep me here
It's over
You say we're just friends
It's almost the end
I'm outta here
It's over
I'm outta here
