Boots

Peter Dawson

No more trouble
In this town
Silent night
For a changeBrand new year
Coming up ahead
You know it's been so long
Since I rang one inI close my eyes
Think about the path I took
Just when I think these times
Have gotten the best of meI can see my mother in the kitchen
My father on the floor
Watching television
It's a wonderful lifeCinnamon candles burning
Snowball fights outside
Smile below each nose
And above each chinStomp my boots before I go back inI wasted my wishes
On Saturday nights
Boy, what I would give
For just one moreI'd soften my heart
Shock the worldDo you hear my voice?
Do you know my name?
Light my way
Lift my head, light my wayI can see my mother in the kitchen
My father on the floor
Watching television
It's a wonderful lifeCinnamon candles burning
Snowball fights outside
Smile below each nose
And above each chinFamily all together
Presents piled high
Frost on all the windows
What a wonderful nightCinnamon candles burning
Snowball fights outside
Smile below each nose
And above each chinSo happy they found me
Love was all around me
Stomp my boots before I go back in
