

I Didn't Mean To Hurt You (Demo Jan 1992)

Paul Weller

I've heard them all talking I guess you have too
Adding flickers to the flame
How I've treated you
I take the blame
But let me say, that they don't know
The really don't know, the fools don't know
That I really didn't mean to hurt you.
Oh darling, I didn't mean to hurt you
Please believe me when I say, that I didn't mean to hurt you girl. Whatever they tell you
There's more I could say
Lending motion to the wheel
How you built me up
When I was falling down
But who knows, you just might find
Just might find, that I'm just your kind
And I really didn't mean to hurt you. And tho' I was looking there for something
Some things have no meaning
While I was looking there for something
Everything had gone And still as I looked, I lived
And still as I lived, I wondered.
