A Thousand Faces

Creed

I stand surrounded by the walls
That once confined me
Knowing I'll be underneath them
When they crumble, when they fall
With clarity my scars remind me
Ask yourself what's just under my skin
A different smile again, so much I hide
How is stepping back a move forward
Now I'm forced to look behind, I'm forced to look at you
You wear a thousand faces, tell me, tell me which is you
Broken mirrors paint the floor but can't you see the truth
You wear a thousand faces, tell me, tell me which is you
Tell me which is you
Here only time make no change
Pointing fingers, laying blame
Lying over and over and over and over
Deceiving your mind
Dug my grave, trashed my name
Yet here I stand so you won't fade away
Indifference smiles again so much I hide
How is stepping back a move forward
Now I'm forced to look behind, I'm forced to look at you
You wear a thousand faces, tell me, tell me which is you
Broken mirrors paint the floor but can't you see the truth
You wear a thousand faces, tell me, tell me which is you
Tell me which is you
I bleed inside, just let it out, just let it out
I bleed inside just let it out, just let it out
[Incomprehensible]Now I'm forced to look behind, I'm forced to look at you
You wear a thousand faces, tell me, tell me which is you
Broken mirrors paint the floor but can't you tell the truth
You wear a thousand faces, tell me, tell me which is you
Tell me, tell me, tell me
You wear a thousand faces, tell me which is you
Tell me which is you
