

# Outro

## Ex Hex

Take care, donâ€™t beware  
Follow the sound  
Iâ€™ve been up, Iâ€™ve been down, Iâ€™ve been around  
I follow the silver stream of what I canâ€™t forget  
I wait for worlds that havenâ€™t happened yet

Take care, donâ€™t beware  
Follow the sound  
Iâ€™ve been up, Iâ€™ve been down, Iâ€™ve been around  
We lay beside our minds and watched the time grow  
There was nothing left to find, and nothing left to know
