Splintered Heart

Iration

Light eyes with a splintered heart
Contrary and she's whip smart
Never know what way to go
Never mind that she can't say no
Light eyes with a splintered heart
Lost love and open ocean swells
The stories that the sea tells
A weary weathered sailor gone
Never mind that it's been too long
Light eyes with a splintered heartI'm tired I don't wanna be alone
And I just can't find the words to let you know
This time I will lay it on the line
I've got a feeling to get you and I'm trying to let you know
Twisted with a jealous mind
Not yet but you'll be all mine
Never know just what to say
Never know the games to play
Twisted with a jealous mind
She's a ruthless heartbreaker
A dancehall dream taker
She might not know my
But she'll be mind just the same
Light eyes with a splintered heart
