Headphones

Anjulie

Credit card on the mini bar
Powerballin' and next ya see
Naked chicks on the bed
Lampshades on my head
And the party just started
Yeah!
Wannabe teen rockstar
And a Chinese drag queen
Porn star over there
Bit of vomit in her hair
And the party just started
Yeah!
And I'm watching my life like a movie
Hear the soundtrack in my head
See your lips just keep on moving
But I never hear a word you said
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
Got my (X12)
Hands in my pocket
Fake tan on the money man
Dirty kissin' on a cigarette
She got it all from Hell
In a wire cell
Got scared when I noticed it

Yeah!
Walkin' home in the morning
Crack kids out splashin' me
With a cardboard sign
Sayin' I'll show mine
Smile if it makes you horny
Yeah!
And I'm watching my life like a movie
Hear the soundtrack in my head
See your lips just keep on moving
But I never hear a word you said
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
Got my (X12)
Hands in my pocket
Redbulls
Sleeping pills
Refills
All you need
Yeah!
Cheap food
Fast food
Tastes good
All you need
Yeah!
Take a hit
Suck it in
Fill it up to
What you need
Yeah!
I got my eyes

On the ground
And I'm tryin'
My best to breathe
To breathe
Yeah!
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
I put my headphones on
Got my hands in my pocket
My hands in my pocket
Got my hands in my pocket
Got my (X12)
Hands in my pocket
Got my (X6)
Hands in
Got my (X4)
Hands in my pocket
