

Bloody Creature Poster Girl

In This Moment

Advisory - the following lyrics contain explicit language:

Some girls like diamonds
Some of them want fancy things
They hunger for the taste of glamour
And we rot and find some others' rings
Your sweethearts need their princes
Flattery and filthy pearls
Barbie, don't mess with the Marilyn kisses
Your original material girl
But I'm not like those other types, baby
I'm your bloody creature poster girl
Make you crawl, make you beg, make you plead
(Bloody creature poster girl)
Make you want, make you hurt, make you bleed
(Bloody creature poster girl)
So toxic
Psychotic
Chaotic
Bloody creature poster girl
Make you laugh, make you cry, make you need every little slasher
Fuck the father's sweetheart, bloody creature poster girl
Baby, you can keep your diamonds
You can burn all your fancy things
I hunger for the taste of a painful week
That can survive my wicked sting
Darling I don't need no princes
I'm no damsel in distress
The only thing I'm needing is for you to be bleeding
From my homicidal kiss
You see, I'm not like those other girls, baby
I'm your bloody creature poster girl
Make you crawl, make you beg, make you plead
(Bloody creature poster girl)
Make you want, make you hurt, make you bleed
(Bloody creature poster girl)
So toxic
Psychotic
Chaotic
Bloody creature poster girl
Make you laugh, make you cry, make you need every little slasher
Fuck the father's sweetheart, bloody creature poster girl
Your dirty girl
Your bloody slasher girl
Your selfish sweetheart girl, girl
Your bloody creature poster girl
Bloody creature poster girl

Bloody creature poster girl
(I'm your poster girl)
Bloody creature poster girl
(Your toxic girl)
Bloody creature poster girl
(Your bloody slasher girl)
Bloody creature poster girl
It's obviously a girl, girl, girl, girl
Bloody creature poster girl Make you crawl, make you beg, make you plead
(Bloody creature poster girl)
Make you want, make you hurt, make you bleed
(Bloody creature poster girl) So toxic
Psychotic
Chaotic
Bloody creature poster girl Make you laugh, make you cry, make you need every little slasher
Fuck the father's sweetheart, bloody creature poster girl Your dirty girl
Your bloody slasher girl
Your selfish sweetheart girl, girl
Your bloody creature poster girl Bloody creature poster girl
Bloody creature poster girl
Bloody creature poster girl
