

# Goodbye (Hakeem's Remix)

Tevin Campbell

Say, lady, can I ask you why  
You're treating me like a step child  
With a future not so bright  
I thought you said  
You would never be that way to me  
You said you'd never leave me for the rest of my life I believe you all the times you said, baby  
You're always on my mind  
I don't believe you  
So save those words you said to me  
And I'll be on my way  
I've got to say goodbye baby[Bridge:]  
You didn't want my love  
That's what starts the pain, baby  
You didn't need my love  
I think that's your game[Chorus:]  
Goodbye, goodbye  
You'd never be that way to me  
Goodbye, goodbye, goodbye  
I've got a love that you will never see, hey I guess you thought you had me strung out on your love  
Simply because you're oh so fine  
It takes more than looks to steal my heart away from me  
So I'm sorry, baby the joke's on you this time[Bridge] You didn't want me love  
You didn't want me love  
That's what starts the pain  
That's what starts the pain  
You didn't want me love  
You didn't want me love  
I think that's your game[Chorus] Goodbye, goodbye  
I've got to say goodbye  
I've got a love that you will never see  
Here we go  
I'm on a rampage  
This is my stage  
'Cause I'm the T, to the E, to the V, to the I, to the N  
That's where it starts, here we go[Chorus] Goodbye, goodbye
