Modern Girl

Gamma

She wants to go where
The wild ones stayed
Wants to cross the great divide
She needs to find
The heavy gates of?
Over on the other sideLooking for love in the real world
She's a modern girlShe wants to back it up
Against the wall
She wants it under her wheels
All the way she don't pull it off
Needs to know how it feels
Looking for love
In the modern world
She's a modern girl
Living in a modern world
She's a modern girl
Living in a modern worldShe wants to walk
Out on the borderline
She sees the hunger in me
She needs to lose it one more time
Wants to be a trouble machine
Looking for love in the real world
She's a modern girl
Looking for love
In a modern world
Looking for love
She's a real girl
