

Sugar Blues

Bob Wills

Now I'm not the type to worry
Especially if it's concerning my health
 Oh no, I'd never worry
 I'd much rather do something else
 I'm changing my point of view
Ever since I caught me the sugar blues

 Oh that sugar
 It adds a little sweetness in your life
 Oh sugar
Won't you add a little sweetness to my life
 You see I'm changing my point of view
 Ever since I caught me the sugar blues

 See I'm changing my point of view
 Ever since I caught me the sugar blues
 Yes, I'm changing my point of view
 Ever since I got me the sugar blues
 You see I'm changing my point of view
 Ever since I caught me,
 Ever since I caught me the sugar blues
 Oh yes
 I need me a sugar beet
 I'm not the type that would complain
 Just give me sugar cane
 Give me
 Gimme
 Gimme
 Gimme
 Sugar
