Catnip

Chloe Day

he's got sugar on his tongue
she's got sugar on her mind
and he waits and he waits
in a dirty old ford
on a corner of the shady side of town
ooh she took that bait again

say....mmm that catnip tastes so good
mmm that catnip tastes so good

he's got honey in his fur
she's got money in her purse
and he waits and he waits in a dirty old alley
in the shadows of the wrong side of town
ooh she took that bait again

say....mmm that catnip tastes so good
mmm that catnip tastes so good

he's got murder in his plans
she's got murder at her hands
and he waits and he waits
with a sly little grin
in the dimmer light of early early morn
ooh she took that bait again

say....mmm that catnip tastes so good
mmm that catnip tastes so good
mmm that catnip tastes so good
