

Jade

Magic Giant

Sang the bird forever, and then she flew away
Rang the bell for dinner, but you were out to play
There ain't no City in Our Stars tonight
Look around, look around
There ain't no City in Our Stars tonight
As the sun goes down
Heard you called from heaven, but I was out in space
Did you get my letter? I know the world's a maze
There ain't no City in Our Stars tonight
Look around, look around
There ain't no City in Our Stars tonight
As the sun goes down
Woah, hey
Woaaaah
Woah, hey
Woaaaah
Hey Jade, go save the day
'Cause somebody out there needs you
Don't stay - I'll be okay
'Cause when I'm alone I'm with you
Hey Jade go save the day
'Cause somebody out there needs you
Don't stay - I'll be okay
'Cause when I'm alone I'm with you
There ain't no City in Our Stars tonight
Look around, look around
There ain't no City in Our Stars tonight
As the sun goes down
There ain't no City in Our Stars tonight
Look around, look around
There ain't no City in Our Stars tonight
As the sun goes down
Woah, hey
Woaaaah
Woah, hey
Woaaaah
Woah, hey
Woaaaah
Woah, hey
Woaaaah
