

# Son Song

## Soulfly

One, two, three, four Sometimes I don't want to face life  
Sometimes I feel empty inside  
But every moment is precious  
And everyone will turn to dust Dust myself up and I scream at the sky  
It's been so hard but I can't let it die  
Turn my head up looking at the stars  
So many years I still wonder where you are Dust myself up and I scream at the sky  
It's been so hard and I ask myself why  
Turn my head up looking at the sun  
Waited so long it's time to move on, move on Look at the sun, look at the sky  
Another day, another sign  
And every moment is precious  
And everything will turn to dust Dust myself up and I scream at the sky  
It's been so hard but I can't let it die  
Turn my head up looking at the stars  
So many years I still wonder where you are Dust myself up and I scream at the sky  
Every day I ask myself why  
So much pain pouring from inside  
Above me I feel the spirit fly And every moment is precious  
And everything will turn to dust
