

# Black The Sun

[Alex Lloyd](#)

Black the sun  
Oh no, look at what we done  
Go away  
Oh no, won't you please stay And dream of me  
I wish you would dream of me  
Dream of me  
I hope you will dream of me Words we speak  
Pictures are the only things I keep  
Rinse my mind  
I'm sure it will join me in time And dream of me  
I wish you would dream of me  
Dream of me  
I hope you will dream of me Up on your feet, around the bend  
Searching, I hope it never ends  
Walking your lonely street again  
Tide meets the shore On a silent road And dream of me  
I wish you would black the sun  
Dream of me  
I wish you would black the sun Dream of me  
I wish you would black the sun  
Dream of me  
I wish you would black the sun  
The sun
