Lethal Injection

Lethal

With force apprehended
Soon to be locked up in a cell
Life in jail up ahead
Don't want to face this living hellSoon to face my trial
But I know what my sentence will be
"Never seen one so vile
Lock him up, throw away the key"Lethal injection, strapped in the seat
Lethal injection, is this my defeat?
Lethal injection, damage that can't mend
Lethal injection, is this the end?Thrown in a square cage
This time I'm fucking done
Howling with rage
I've lost, they have wonMy fears proved false
They chose to end my strife
In the court halls
Sentenced no to life...
But deathLethal injection, strapped in the seat
Lethal injection, is this my defeat?
Lethal injection, damage that can't mend
Lethal injection, is this the end?Solo: BobSolo: JonestwnMy final hour is here
I'm leaving death row behind
What is there to fear?
Why am I called a threat to mankind?The needle is now filled
But I can't stop asking why
Is this how I'll be killed?
Is this how I will die?Feeling the needle piercing my skin
I realize this fight I can't winLethal injection, strapped in the seat
Lethal injection, is this my defeat?
Lethal injection, damage that can't mend
Lethal injection, this is the end
