make me cry

il cremonese

If you're trying to hurt me, like I hut you
Then you win and
If you're trying to love me, like I love you
Then we win and
If you're trying to finish what we started
Then we'll lose the love
And I don't wanna lose ya
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Stop trying cause I'm die die dying
(Die, die)I believe in us, and I really do
I can barely take it, can't get over you
If you're trying to lose me then you're going the right way boy
I can't take this shit much more and staring at the door
Start to love me like I love you, treat me good
I give you a lot I love you a lot tell me why I should oh
If you're trying to hurt me like I hurt you then you win
I can't turn back the clock, take what I got
Give me everythingIf you're trying to hurt me, like I hut you
Then you win and
If you're trying to love me, like I love you
Then we win and
If you're trying to finish what we started
Then we'll lose the love
And I don't wanna lose ya
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Stop trying cause I'm die die dying
(Die, die)It's gota stop we argue a lot, no matter what we do

Be careful what you're saying, because am trying to stay with you
So let's make a future plan, cause this ain't the way of living boy
I know that I hurt you bad, boy I know that I hurt you badBaby it's time to face it, to know that you want this too
And if you want to save this, then we both know what you can do
Ain't no point in looking back, and I know that I love you mad
So quite how you act don't turn your back
Think about what we haveIf you're trying to hurt me, like I hut you
Then you win and
If you're trying to love me, like I love you
Then we win and
If you're trying to finish what we started
Then we'll lose the love
And I don't wanna lose ya
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Stop trying cause I'm die die dying
(Die, die)Die die dying
Die die dying
Die die dying
Die die dying
Die die dying
Die die dying
Dying, dying, dying
Are you try
Are you try
Are you try
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Are you trying to make me cry
Stop trying cause I'm crying
