

# She Says

## Howie Day

Sweet is the sight of a room window open by candlelight  
Oh, Would you know?  
Cold winter on the shore chills the dress she wore  
It's on the floor  
still it feels so warm today And that's why I'm wondering why you had to tell me  
What's going on in your head what's wrong  
Come around to another time when you don't have to run  
And when she says she wants somebody else  
I hope you know she doesn't mean you  
And when she breaks down and makes a sound  
You'll never hear her the way that I do  
And when she says she wants someone to love  
I hope you know she doesn't mean you  
And when she breaks down and lets you down  
I hope you know she doesn't mean you, yeah  
No, no You can swing into flight over hills, over her hills it's twilight  
Yeah I guess that's right now  
And while we're here tell me why it's so funny  
That you're so funny when you're mad  
'cause it's mad, so mad And that's why I'm wondering why you had to tell me  
What's going on in your head what's wrong  
Come around to another time when you don't have to run  
And when she says she wants somebody else  
I hope you know she doesn't mean you  
And when she breaks down and makes a sound  
You'll never hear her the way that I do  
And when she says she wants someone to love  
I hope you know she doesn't mean you  
And when she breaks down and lets you down  
I hope you know she doesn't mean you, yeah  
No no, she doesn't mean you  
Yeah and I don't where I'm coming from  
and I don't where I'm coming too  
and I don't what it means to me  
and you don't know what it means to you  
she doesn't mean you
