

To Do List

So Cow

I've yet to wish death on anyone
yet to pull the wings off of a fly
and i've yet to throw a cat into a washing machine
and i've yet to get tired of your smile Yet to fuck...?? Yet to commit grave acts of violence
I've yet to wear a fur coat
and I've yet to shoot dead a class room full of kids
and I've yet to tell you you're the one I love the most Yet to submit to the creed of satan
yet to play bass in a heavy metal band
and I've yet to earn enough to live on
and i've yet to lose the urge to hold your hand Well I've yet to make obscene phone calls to women
and I've yet to interfere with mountain goats
and I've yet to fuck my life up on drugs and booze
and i've yet to tell you you're the one I love the most
