

# Blame It On the Moon

## The Forester Sisters

Gonna blame it on the moon  
Didn't want to fall in love again so soon I was fine, feeling strong  
Didn't want to fall in love with anyone Now that it's gone too far to call for a halt  
I'll blame it on the moon, 'cause it's not my fault  
I didn't think that this would happen so soon  
So I'll blame it on the moon I was happy to be free  
Didn't think I'd give myself so easily Guilty feelings in the night  
As I wonder is it wrong to feel so right Now that it's gone too far to call for a halt  
I'll blame it on the moon, 'cause it's not my fault  
I didn't think that this would happen so soon  
So I'll blame it on the moon Now that it's gone too far to call for a halt  
I'll blame it on the moon, 'cause it's not my fault  
I didn't think that this would happen so soon  
So I'll blame it on the moon  
So I'll blame it on the moon
