

# Know You Now

[Amy Winehouse](#)

You're just a little boy underneath that hat  
You need the nerve to hide your ego, don't come with that  
You think everything is handed to you free  
But it's not that easy, no I gotta know you now  
We may never meet again  
I gotta know you now and then My girl says I'm too sensitive to ride with you  
But I'm not listening to her  
Yes, I'm perceptive, so when I'm done with you  
You'll wish your head back the way it were as you were I gotta know you now  
We may never meet again  
I gotta know you now and then I'm not ruling you out  
I'm just in doubt as to  
What you say you're all about, yeah I gotta know you now  
We may never meet again  
I gotta show you now and then  
I gotta know you now and then I gotta know you now  
We may never meet again  
I gotta know you now  
We may never meet again I gotta know you now  
We may never meet again  
I gotta know you now  
We may never meet again
