

# This Night (Instrumental)

## Black Lab

There are things  
I have done  
There's a place  
I have gone  
There's a beast  
And I let it run  
Now it's running  
My way There are things  
I regret  
To can't forgive  
You can't forget  
There's a gift  
That you sent  
You sent it  
My way So take this night  
Wrap it around me like a sheet  
I know I'm not forgiven  
But I need a place to sleep  
So take this night  
And lay me down on the street  
I know I'm not forgiven  
But I hope that I'll be given  
Some peace There's a game  
That I play  
There are rules  
I had to break  
There's mistakes  
That I made  
But I made them  
My way So take this night  
Wrap it around me like a sheet  
I know I'm not forgiven  
But I need a place to sleep  
So take this night  
And lay me down on the street  
I know I'm not forgiven  
But I hope that I'll be given  
Some peace Some peace

Some peace
