

I Bring It To You

Avalon

All of these words on paper
All of these thoughts in my head
The times I feel out of favor
The fear that sleeps in my bed
All of these stones in my pocket
My dreams that crashed on the shore
Faith when I thought I lost it
I lay it all at Your door
I bring it to You
There's wonder in all that You do
I bring You the scraps that make up my soul
You make me whole, I'm gold
I bring it to You
Songs I've shouted to heaven
The grace I've never deserved
All these gifts I've been given
The life that I find in Your word
