Levitator

LP

Baby I'd be lost today
Like some wreckage from a hurricane,
Castaway
A CastawayYou went and put me on a bigger stage
Made me want to go and live again
Not afraid
I'm not afraidWooo-ooo-oo
I'd give it all to yoouu-oo-o
It's in the way you love me,
Love me baby
You lift me up and levitate me,
Save meWooo-ooo-oo
I'd give it all to yoouu-oo-o
Cause everytime you touch me,
Yeah it takes me
To another world,
You elevate meLevitator, Levitator
You're my Levitator
LevitatorLike the legend of a pot of gold
A rainbow led me to your soul,
Gold
All I can holdYou bring me to a higher place
Leave me in a state of grace
Home
You take me homeWooo-ooo-oo
I'd give it all to yoouu-oo-o
It's in the way you love me,
Love me baby
You lift me up and levitate me,
Save meWooo-ooo-oo
I'd give it all to yoouu-oo-o
Cause everytime you touch me,
Yeah it takes me
To another world,
You elevate meLevitator, Levitator
You're my Levitator
Levitator[Does some awesome yodel screaming]Wooo-ooo-oo
I'd give it all to yoouu-oo-o
It's in the way you love me,

Love me baby
You lift me up and levitate me,
Save meWooo-ooo-oo
I'd give it all to yoouu-oo-o
Cause everytime you touch me,
Yeah it takes me
To another world,
You elevate meLevitator, Levitator
You're my Levitator
Levitator
Levitator, Levitator
You're my Levitator
Levitator
