Apart

Dagon (Fra)

I never do anything that pleases you
So maybe we are better off apart
I don't wanna argue anymore
So maybe we are better off apartYou used to spend time with me
You would never leave
But now the time you used to give
You spend with your friends
Lately I've been feeling like
You're taking me for granted
You do not appreciate anything I doThat is why I'm leavin' you
Sorry cannot fix it
You'll regret everything
You'll be looking for me
You never listen to me
You never really loved me
I've done everything I could
You did not meet me half way, why?I never do anything that pleases you
So maybe we are better off apart
I don't wanna argue anymore
So maybe we are better off apartYou always have somethin' to say
You're always complainin'
When things do not go your way
Then you want to leave
Well I've had more than enough
I am sick of talkin'
You do not appreciate anything I doThat is why I'm leavin' you
Sorry cannot fix it
You'll regret everything
You'll be looking for me
You never listen to me
You never really loved me
I've done everything I could
You did not meet me half way, why?
I tried and I tried, and I tried and I triedI never do anything that pleases you
So maybe we are better off apart
I don't wanna argue anymore
So maybe we are better off apart'Coz I never do anything that pleases you
So maybe we are better off apart
I don't wanna to argue anymore

So maybe we are better off apartAnd I tried and I tried
While you lied and I cried
So I'm saying goodbye
No more, no moreAnd I tried and I tried
While you lied, I cried
So I'm saying goodbye
No more, no moreI never do anything that pleases you
So maybe we are better off apart
I don't wanna argue anymore
So maybe we are better off apartI never do anything that pleases you so
