

This is My Fix

Band of Skulls

No religion is no more fighting
Without money is more exciting
But I just need my bolt of lightning
And I'm alright 'cause all boils down to This is my fix
Oh this is my fix Turn around, it's a revolution you see
Things got low as it's one solutions but
All I need is my thunder cracking
I'm alright 'cause all boils down to This is my fix
Oh this is my fix
This is my fix
Oh this is my fix Bang your head on the bottom of the ocean
Bang your head on the bottom of the ocean Well I bang my head in this physical decision
'Cause everything's got a chemical condition
And I'm at ease and I'm gonna do what I please
'Cause that's my fix Bang your head on the bottom of the ocean
Bang your head on the bottom of the ocean
Bang your head
