

Six Little Days

Noogie

Well I just can't get your voice out of my head.
The way you look when your tryin so hard to take back what you just said. Well I don't care, the only thing that
matters is you were here.
Six hours ain't much in the grand whole span of time, but its enough to keep us apart no matter how much I'd
like, to have you here tonight, laughin by my side.
To see your eyes as you marvel at the city life.
Forget reality the pictures nice.
Well yeah you marvel at the city life.
Forget reality the pictures nice, nice, nice.
But your smilin as you say good bye.
Well I just can't bring myself to say your gone again.
Safely tucked away on a train with your sister fighting.
Well it ain't fair, the only thing that matters and your never there. To never eat your food, and leave a mess.
Were laughin at the sun rise
Drinkin while the day dies
Singin as the stars fly
(livin in the city life)
Were laughin at the sun rise
Drinkin while the day dies
Singin as the stars fly
(livin in the city life)
Were laughin at the sun rise
Drinkin while the day dies
Singin as the stars fly
(livin in the city life)
Were laughin at the sun rise
Drinkin while the day dies
Singin as the stars fly
But your smilin as you say goodbye.
Goodbye, goodbye, goodbye...
