

# Rope Light

## Superchunk

asking around,  
what do you hope to retrieve?  
behind the cigarette machine  
with the awkward lean  
and a joke from 1983 rope light, alchemy  
late nights, lost keys  
rope light, alchemy  
stage fright, high seas  
rope light, you and me  
late nights, lost keys  
rope light, alchemy  
stage fright and beautiful debris dancing around  
the edges of the room in the dark  
waiting for the mayor to make his remarks  
and put a stamp on this as a genuine lark you had your coat on  
and I was ready to go  
but everybody looks so good  
in this glow  
I think I see someone  
somebody I know... rope light, alchemy  
late nights, lost keys  
rope light, alchemy  
stage fright, high seas  
rope light, you and me  
late nights, lost keys  
rope light, alchemy  
stage fright, beautiful debris
