

# Watch the Birdie

## Leo Mathisen Orkester

Watch the birdie and take a camera, candid shot  
Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
    Watch the birdie, just strike a funny pose a while  
    Watch the birdie and you can beat that pose a mile  
Watch the birdie, let me see your pretty smile and hold it  
    Looking for a tall dark handsome man  
        With eyes of blue and golden tan  
        Strong white teeth like Joel McCrea  
        Hey you, get out of the way  
    Watch the birdie and take a camera Candid shot  
    Watch the birdie, come on and give it all you've got  
    Watch the birdie, just look around and pick a spot and hold it  
        Watch the birdie and take a camera Candid shot  
        Watch the birdie, come on and give it all you've got  
    Watch the birdie, just look around and pick a spot and hold it  
        Watch the birdie, just strike a funny pose a while  
        Watch the birdie and you can beat that pose a mile  
    Watch the birdie and let me see your pretty smile and hold it  
        Looking for a tall dark handsome man  
            With eyes of blue and a golden tan  
            Strong white teeth like Joel McCrea  
            Hey you, get out of the way  
    Watch the birdie and take a camera Candid shot  
    Watch the birdie, come on and give it all you've got  
    Watch the birdie, just look around and pick a spot and hold it  
        Ooh, watch the birdie  
        Ooh, watch the birdie
