

Lovesex

Air Supply

Lovesex, Love sex
Lovesex, I want to be near you I want to be next
Lovesex, it's just like the real thing with special effects She's dripping in diamonds and making me sweat
Take all my money, take all you can get
I'm tasting the perfume, the scent of your skin
My beautiful neon, I'll believe anything You say you love me but you don't know my name
I've got your number, I'm feeling the same
I pull you closer but you keep letting me go Lovesex, Lovesex
Lovesex, I want to be near you I want to be next
Lovesex, it's just like the real thing with special effects Smile for the camera, my virtual sin
Whatever you're selling you're pulling me in
When the heat starts rising, I'm falling like rain
I'll take all the pleasure and fake all the pain You say you love me but you don't know my name
I've got your number, I'm feeling the same
I pull you closer but you keep letting me go Lovesex, Lovesex, Lovesex, Lovesex Oh, I really love you when we
make it slow
Oh, I've got a feeling that I've, I've got a feeling that I've
I've got a feeling that I've, I've got the feeling Lovesex, I want to be near you, I want to be next
Lovesex, it's just like the real thing with special effects
Lovesex, it's turning from passion into triple X
Lovesex give me the dirty and keep your respect
Lovesex...
