

Hey! We OK

Never Shout Never

You see me walking through the park
Few minutes after dark
With a cigarette in my hand
Keep it up boy you'll be dead
I'm killing time with pandemonium
Smoking this bet I catch pneumonia
Its a damn cold night to be walking home alone
Girl, for what it's worth
I know my own worth
Its fucking priceless babyHey! Hey! We okay
Hey! Hey! We okayWe're who we are
So don't you think that you can call us
Freaks or geeks
Or lame, we walk our own wayHey, hey, we okay
Hey, hey, we okayWe're superstars
The ones you know as total fuck ups
We're proud of it
We walk our own way
We walk our own wayI see you looking at me
Probably thinking what a menace to society
Don't have a job, pays the bills with his guitar
I'm strumming chords
Singing songs
Clap your hands try to sing along
It's a catchy tune
You just got to learn the words
So for what it's worth
We know our own worth
It's fucking priceless babyHey hey we okay
Hey hey we okayWe're who we are
So don't you think that you can call us
Freaks or geeks
Or lame, we walk our own wayHey hey we okay
Hey hey we okayWe're superstars
The ones you know as total fuck ups
We're proud of it
We walk our own way
We walk our own way!Social outcasts
Total fuck ups

Turn that shit up
We're proud of it
We're proud of it
We're proud of it
C'mon lose your mindHey hey we okay
Hey hey we okayWe're who we are
So don't you think that you can call us
Freaks or geeks
Or lame we walk our own wayHey hey we okay
Hey hey we okayWe're superstars
The ones you know as total fuck ups
We're proud of it
We walk our own way
We walk our own way
We walk our own way
(We walk our own way)
