

Top of the World (feat. Big Sean)

Mike Posner

At this time next year
I may have enough to buy the whole damn thing (thing, thing)
Yea, I'm doin' pretty good right now
But I say I just wait, wait
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world I'ma take it to the top, huh?
I knew it
You came in here solo?
Nah, I crewed it
Funny I turned all my, I'm gonna besides do
It's been ballin' out for a minute
Still play like I'm being recruited
I showed improvement
And came up in a game and made a name
Clap it up, seem like yesterday
Man, we was in your hoopy, lapping up
Sometimes you gotta look back on your life
You'll laugh it up
Tryin'a make it to the top
And throw my dogs a ladder up At this time next year
I may have enough to buy the whole damn thing (thing, thing)
Yea, I'm doin' pretty good right now
But I say I just wait, wait
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world Ah, ain't a artist in the game that can match this
Gym shorts on a date with a actress
And I'm still goin' hip I could
Only try and it still gonna hit
Let the dress go, this ain't retros
Razvu voices with best flow
Uh, yours truly
Keep your feelings to yourself, lemme do me At this time next year
I may have enough to buy the whole damn thing (thing, thing)
Yea, I'm doin' pretty good right now
But I say I just wait, wait

I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world Same old G
I just made a quick replacement
Whip replacement
Flowing down the street, flowing bitch I've been parade
Everybody round me pay like getting rich contagious Another hit, excuse me while I run the basics
Is this your graduating?
So yeah I'm feeling boy
Midwest beard all over Hollywood
See the way they hating
See the way I shine
Dexter Av is a big mural, me and Sean At this time next year
I may have enough to buy the whole damn thing (thing, thing)
Yea, I'm doin' pretty good right now
But I said just wait, wait
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world
I'mma take it to the top top top of the world I do it
Man, that's my line
Well bitch, you didn't even say it right
