

# Kidz

## PlanB

Kings and queens and presidents  
Ministers of governments  
Welcome to the future of your world  
Through talking heads that took liberties  
The monkeys learned to build machines  
They think they'll get to heaven through the universe  
They say nothing, deny everything  
And make counter accusations  
My friends, my dear, my love, my God  
There'll be trouble when the kidz come out  
There will be lots for them to talk about  
There'll be trouble when the kidz come out  
When the kidz come out, when the kidz come out  
When the kidz come out  
Hey, hey, hey, hey, hey, what you looking at?  
Hey, hey, hey, hey, you want a bit of that?  
Hey, hey, hey, hey, there will be trouble when the kidz come out  
When the kidz come out, hey  
Mirror, mirror on the wall  
Who's the fairest of them all?  
The good, the bad, the ugly or the beautiful  
Because it's uphill and against the wind  
With no one there to let us in  
Leave your thoughts and save yourself, you fool  
The daggers of science, evolving into violence  
We're not sure where the fallout blows  
But we all know  
There'll be trouble when the kidz come out  
There will be lots for them to talk about  
There'll be trouble when the kidz come out  
When the kidz come out, when the kidz come out  
When the kidz come out  
Hey, hey, hey, hey, hey, what you looking at?  
Hey, hey, hey, hey, you want a bit of that?  
Hey, hey, hey, hey, there will be trouble when the kidz come out  
When the kidz come out, hey  
Out on the streets tonight  
They're making peace tonight  
They're making peace

There'll be trouble when the kidz come out  
There will be lots for them to talk about  
There'll be trouble when the kidz come out  
When the kidz come out, when the kidz come out  
There'll be trouble when the kidz come out
