

Singin' My Soul

[Gin Wigmore](#)

You been singin my soul in
And I been singing for ya too
Drag mercy on me babe
Or try patience I plead
But when that sun comes
And that wind shows
I'll meet you there

I lie lonely without you
All my bitterness fed
Still I'm thinking of you babe until i see you
This is all I have
But when that sun comes
And that wind shows
I'll meet you there
When that wind slows
I'll meet you there
