

# City of the Year (feat. Rondo)

## Lupe Fiasco

Say these niggas ain't ridin' on low, oh  
Push Benz through the bitch  
I need a trophy for this shit, dawg  
I need a trophy for this shit City of the year, City of the year  
That's where I'm from  
City of the year, City of the year  
They don't want none  
City of the year, City of the year  
Them hoes can't come  
Go hard to go home  
I'm turned up in the 'Go zone  
Aye, born in the middle of the West  
Lil nigga, living in the middle of death  
Raised around killers, that's why little impress  
Outside white folks, it must sound I'm a little oppressed  
And I'm sorry my niggas, but I think you the best  
You don't need no Khaled, because that's on me, valid  
Let me push my brother, we don't need no malice  
Niggas raised in the projects, now they gon' need a palace  
Niggas want JJ's, don't eat salads  
Fourteen with a AK, and he'll let a nigga have it  
Fireworks in Capetown, man it's so tragic  
Fireworks on the lake front, that shit look like Magic  
City of the year, City of the year  
That's where I'm from  
City of the year, City of the year  
They don't want none  
City of the year, City of the year  
Them hoes can't come  
Go hard to go home  
I'm turned up in the 'Go zone
