

# Animal Out

## KMFDM

Animal out

Animal out

Animal out

Let your animal out (etc.) Fiercely in control

Show your fangs

Shake those bones

Strip bare on their own

Hear you growl

Make me moan Let me hear it

That sound you make

Let me hear it

Shock awe break taboo

Jagged claw tearing through

Primal scream acquiesce

Embrace your inner creature

Let nature do the rest Let me hear it

That sound you make

Let me hear it

Let me hear it

Turn it up

Loud!

Let your animal animal animal out

Circle little tiger step out from the crowd

Let your animal

Howl!

Back it up

Now!

Let your animal animal animal out

Release your inner fever release your whore

Til the screams keep comin' and they beg for more

Let your animal animal animal out

Let your animal animal animal out

Let your animal animal animal out

Let your animal animal

Let me hear it

Turn it up

Circle little tiger step out from the crowd

Let your animal

Let your animal out
