Slipping (LP Version)

Geddy Lee

Meant to tell you
Tell you from the start
Meant to show you
What's inside this shallow heart
But I could not find the words
Worthy enough to sayI slipped along the way
I slipped along the waytried to be there
Be there when you fall
Tried to make you feel big
When life makes you feel small
But I could not find the steps
Quickly enough to takeI slipped along the way
I slipped along the waywant to change things
Want to clear the air
Fix the things around us
So badly in need of repair
But I might not have the sense
Sense enough to changeI slipped along the way
