On Top The Cage

O.A.R.

I look out below me the clouds on top the blue
Kid's thinking about nothing
'Cause there's absolutely nothing to do
The door ain't wide just open, open to the sky
On top the cage keep hopin', sayin'
'Cause on top the cage just try, on top the cageHelp out your brother to the light
At peace is a helping hand
With help from our mother we shine so bright
And march to the father's landI said we take the spot and we take it up top
And the key fits in the lock
You come with me on this lifting walk
And you know you never come backBecause on top the cage is the harmony
That bars and chains never chime
Wherever we go it's not far for me
Better befriend Old Man TimeI stood on top of this cage one night, all night long
From here the view was proud
I could see all these beautiful clouds
So I told people come out of your cageTime to break lock forever
Join together march on top hold my hand
Say goodbye to never
You can be my man if you want to hang out hereJust me my girl on top of this world
And we sit there and we stare
At the clouds, green hills, and the mountaintops
And the river to the side, you can come too
If you want, you don't have to hide
