

Naïve Song

Mirwais

A happy girl
A happy boy
A happy son
A happy friend All living in a happy world
All living in a lonely world A happy life
A happy love
A happy mind
A happy soul We are living in a happy world
We are living in a lonely world A happy girl
A happy boy
A happy son
A happy friend All living in a happy world
All living in a lonely world A happy life
A happy love
A happy mind
A happy soul We are living in a happy world
We are living in a lonely world
