

Simple

Jordan Feliz

Could it be that simple, that you love me and that's it
And we only need little, a little bit of faith that's heaven sent
So I open up my mouth and, show your kids what your about
And keep it simple, yahDon't want to mix up your words with mine, Want to live to reflect your light
Give me you, Give me truth, And the rest will fall in line
Don't want my pride to get in the way, of the love that you give away
Give me you, Give me truth, that the cross can save us all it's really that
SimpleCould it be that easy, that your love for me is perfect
It seems so crazy, that in my dirt you call me worth it
So I give my all to you yah, you're the choice ill always choose
For me it's that simple, yahLeave it up to me, to make it harder than it should be
There's no smoke and mirrors with you
Leave it up to me yah to make it far too hard to see
That it's so simple with you, yah
