

Angel In The Wings

Olivia Newton-john

Olivia Newton-John: I know it's been a long time now; you've been hanging at the end of your rope.

Jann Arden: I know that you've been strong somehow, but now you're down to your last tray of hope.

ONJ: There are some things only your heart can see

JA: There are some things that you've got to believe

Both: Look over your shoulder,

ONJ: There's an angel in the wings

(JA: Angel in the wings)

Both: The good times and hard times,

ONJ: There's an angel in the wings

(JA: Angel in the wings)

ONJ: I know that you've been drifting at sea. Sailing on that ocean of tears

JA: It's time for you to come back to me

Both: Baby, that's why my love is here

ONJ: There are sometimes we want to be on our own

JA: There are some times when it's time to come home

Both: Look over your shoulder,

ONJ: There's an angel in the wings

(JA: Angel in the wings)

Both: The good times and hard times,

ONJ: There's an angel in the wings

(JA: Angel in the wings)

JA: I see it, oh I feel it

ONJ: There's an angel in the wings

(JA: Angel in the wings)

ONJ: So don't give up

(JA: Don' give up)

ONJ: No don't give in, there's an angel

(JA: Angel in the wings)

JA: Oh I feel it, angel in the wings...

ONJ: I know it's been a long time now; you've been hanging at the end of your rope.
