One More Time

Goldfinger

Every day is just the same, there's nothing inside
I've been watching as the people run and they hide
I don't wanna be right on time
Can't act like I'm doing fine, I'm out of line
Step to the left, step to the right
Step to the left, step to the right
I'm out of my mind
I can feel it coming one more time
Like the air I breath in all my life
I want to give you just a piece of my mind
It's rising to the front of the line
Every day is like the start of the rat race
Treading water ju-ju-just to save face
But I don't want to be a waste of time
A faceless concubine, an open valentine
Step to the left, step to the right
Step to the left, step to the right
I'm out of my mind
I can feel it coming one more time
Like the air I breath in all my life
I want to give you just a piece of my mind
It's rising to the front of the line
The front of the line
It's time to get up, it's time to get out
I need a change to feel strange
To feel alive
Now it's time to stand up, it's time to stand out
I need a change, to feel strange
To feel alive, so hey
And every day is just the same, there's nothing inside
I've been watching as the people run and they hide
But I don't wanna be right on time
Can't act like I'm doing fine, 'cause I'm out of line
Step to the left, step to the right
I'm out of my mind
I can feel it coming one more time
Like the air I breath in all my life
I want to give you just a piece
A piece of my mind

It rises to the front of the line
I can feel it coming one more time
I can feel it coming one more time
I can feel it coming one more time
I can feel it coming one more time
One more time
Now it's time to stand up
