Unity

Operation Ivy

There's a war goin' down between my brothers tonight,
I don't want no war goin' down tonight.
Civilization? Ha! I call it as I see it.
I call it bullshit! You know, I still cannot believe it
Our evolution now has gone the way of hate
A world evolved resolved into its stupid fate.
Stop this war!
All so different yeah, I say we're all the same
All caught, you know, in the division game.
Self destruction fast impending like a bullet.
No one can stop it, once it's fired, no one can control it.
Stop this war!
A final word, wait it's not a call to action
We ain't no sect, we ain't no fucking faction.
Unity, Unity, you've heard it all before,
This time it's not exclusive we want to stop a war.
Ain't nothin wrong with another unity song x2
Ain't nothin wrong x3
Ain't nothing wrong with a unity song
Stop this war! x2
Unity as one, stand together,
Unity, evolution's gonna come!
